OBJECTIVE

Computer Science student trying to leverage my technical skills and qualities that led to excel in tech industry

EDUCATION

Bachelor of Computer Science, Indian Institute Of Information Technology Design And Manufacturing Kurnool
Expected 2025
Relevant Coursework: Data Structure And Algorithm, Database Management System, SQL,Operating System,Computer Network,Front End Web Developer, Entrepreneurship & Business.

Intermediate From Science, Vidya Niketan High School   2019-2021

SKILLS

Technical Skills	Competitive Programming, MySQL, Front End Web Developer.
Soft Skills	Communication Skills,Critical Thinking, Active Listener
Programming Language	C/C++ Programming,python

PROJECTS

Daily Expenses Tracker. Developed a web-based daily expenses tracker using React, allowing users to efficiently record and manage their daily financial transactions. Utilized modern front-end technologies and best practices to create an intuitive and user-friendly interface.

Social Media Platform Created a social media platform using Object-Oriented Programming (OOP) is a complex and extensive project that would involve numerous classes and interactions.

Login Page Development Designed and implemented a user-friendly login page using HTML, CSS, and JavaScript for a web application. The login page serves as the entry point for users.

EXTRA-CURRICULAR ACTIVITIES

Competitive Programming
- Participated in various coding competitions, Codechef contests, and LeetCode challenges.
Leadership
- Served as the CSE Member Secretary of NSS during 2022-2023.
- Organized and managed many events.

Data Structures and Algorithms Enthusiast:
- I have a strong passion for solving daily Data Structures and Algorithms (DSA) problems. I consistently challenge myself with new DSA challenges and puzzles to enhance my problem-solving skills.

ACHIEVEMENTS

- Selected for **Samsung Innovation Campus** Intern.

- Qualified **5+ test** on LinkedIn.

- Certificates on **HackerRank** of SQL and Problem Solving.

- Solved 100+ question on Leetcode, GeeksForGeeks, Codechef and HackerRank each.
